# Fredy Maldonado

+504 8861-4849 rafaelmaldonadowork@gmail.com linkedin.com/in/fredy-rafael-maldonado github.com/rafatafon

## Education

**University of Europe for Applied Sciences** **September 2022 – July 2025**

*Bachelor of Science | Software Engineering* *Potsdam, Germany*

- Earned **LATAM Scholarship** for the entire degree.
- GPA: 1.77 (German grading scale, 1.0 = best).

## Work Experience

**Próspera** **August 2026 – October 2026**

*Full Stack Engineer* *Roatán, Honduras*

- Built and deployed **production-ready full-stack web applications** across frontend, backend, APIs, and databases.
- Built **third-party integrations** (auth, payments, analytics) and **internal dashboards and automation tools**.
- Managed **cloud infrastructure and deployments** on Cloudflare (DNS, SSL, Workers, routing, security policies).
- Administered Google Workspace, Microsoft 365, and GitHub orgs; **resolved production incidents** and kept runbooks.

**MES, Inc.** **January 2026 – July 2026**

*Multi-Use Learning Facility Coordinator – Computer Lab & Tech Support* *Comayagua, Honduras*

- Coordinate daily operations of computer labs and technology-enabled learning spaces.
- Provide technical support and maintenance for computers and multimedia equipment.

**AeroCielo** **August 2025 – October 2025**

*Software Engineer and Branch Manager* *Comayagua, Honduras*

- Led the development of AeroCielo's official *website* and mobile application to **enhance customer experience and digital presence**.
- Designed and integrated **AI-powered solutions** to optimize internal logistics and business operations.
- Acted as Sales Manager, coordinating strategy and driving revenue growth across regional operations.

**XRF** **August 2024 – February 2025**

*Generative Artificial Intelligence Intern* *Remote*

- Developed AI-driven multilingual solutions for text and speech processing, supporting 10+ languages and **improving system accuracy by 15%**.
- Contributed to **scalable pipeline development** and cloud-based deployments, **improving system performance by 30%.**
- Worked with **large language models (LLMs)** in a collaborative, production-oriented environment.

## Leadership Experience

**Archimedes Systems** | *Website* **October 2025 – Present**

- Founded and currently building Archimedes Systems, an AI and software consulting initiative focused on automation, intelligent systems, and modern web solutions for businesses.
- Lead the **end-to-end development of AI-driven projects**, including system architecture, implementation, testing, and deployment.
- Designed and implemented **automation workflows and AI pipelines** to optimize business processes and reduce manual operational effort.

## Projects

**AI Text Summarizer |** *GitHub* **Python | Hugging Face Transformers | Streamlit**

- Built an AI text summarization tool using **Hugging Face's T5 model**, reducing long-form content by up to **70%**.
- Designed an interactive Streamlit interface for real-time user input and model responses, tested with **50+ users**.

## Technical Skills

**Programming Languages**: Python, JavaScript, TypeScript, Java, SQL, HTML, CSS

**Libraries/Frameworks**: React.js, Next.js, Tailwind CSS, Flutter, Hugging Face, FastAPI, TensorFlow, PyTorch

**Development Tools and Platforms**: AWS, Docker, Vercel, Git, Jira, Supabase, Framer, Webflow, Figma

## Languages

**Spanish**: Native | **English**: Fluent – TOEFL iBT | **French**: Intermediate – DELF B1 | **German**: Basic
